LOAD BEARING CAPACITY	200 kg
DRUM WIDTH	Variable
WEIGHT	1.26 kg
HEIGHT	105 mm
PIN Ø mm	15 mm 45 mm

DESCRIPTION

The compact X-BOARD – XB300 is a universal, professional device for winding in/out cables on all small- to mid-sized cable drums.

The XB300 scores highly thanks to its small, lightweight and flat design but is still capable of carrying up to 200 kg.

Ideal for damaged cable drums.

It enables trouble-free and efficient working without the tangled cables.

5 rubberised feet ensure a non-slip and secure standing position. Ideal for protecting already completed flooring surfaces.

The removable pin enables cable drums featuring varying hole sizes to be used.

Application video:

A short but highly informative application video can be viewed by scanning the QR code (top left) or visiting www.runpotec.com.
