The TIMOK outdoor wall light is pretty to look at on its own. The modern light is a real eye-catcher, whether in the entrance area or as garden lighting, this model provides the right illumination. This wall light has an IP54 protection rating and is therefore suitable for covered outdoor areas. The anthracite die-cast aluminium version can perfectly complement modern style concepts. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
