

Colours of inspiration.
basic55®

Setting the tone.
Enjoying aesthetics.

Living space takes on the personal touch only with individual details. Furniture, floors, accessories and colours as well as matching wall design play an important role here. The very expressive basic55® light switch range offers here a comprehensive colour concept for the design of living spaces. When viewed from the current language of colour expressed by international architects and designers it convinces with classic colours which reflect the zeitgeist of modern living style.

One concept Numerous possibilities.

basic55® Trendline

01

02

Those who design their living space wish to do it according to their own personal design concept. Which means that the colours must match the concept. And here basic55® convinces with two distinctive colour ranges. The numerous available combinations of frames, rockers and colour rings make it possible to adapt them harmoniously to all surroundings and individual style.

basic55® Trendline.

Freedom for individuality.

Colours are emotions. They influence how we feel. They shape, connect, provide contrasts. They display flair and creativity. The colours of basic55® give your room design a new dimension. They are warm, harmonious, comfortable, elegant. They lend concepts for living an individual flair and turn light switches into high-quality design objects.

Living style.

Perfection in every detail.

Timeless elegance.
Pure and without frills.

01 basic55®, chalet-white / château-black

02 basic55®, chalet-white / chalet-white

01

The modern light switch is more than just a functional element. It is a design object. It reflects the personality of the residents. It is an eye-catcher on the wall. With its colours of chalet-white or chalet-white / château-black basic55® convinces with its timeless elegance and puristic appearance.

02

Clear design.
Stylish and elegant.

01 basic55®, maison-beige / château-black

02 basic55®, maison-beige / chalet-white

01

A light switch is a small object but has a huge effect. Together with the personal concept of a harmonious living style it lends support to the creative design of individual living spaces. With its colour range of maison-beige / chalet-white or maison-beige / château-black, basic55® captivates with its subtleties of style and clear design.

02

A photograph of a modern bedroom. A bed with a white duvet and two dark brown pillows is in the foreground. The bed has a dark headboard. To the left, there is a window with horizontal blinds. The wall is a light, neutral color. The text "Quality of life." is overlaid on the upper part of the image.

Quality of life.

Interpreted into the modern.

Harmonious composition.
Subdued and timeless.

01 basic55®, entrée-grey/château-black

02 basic55®, entrée-grey/chalet-white

01

Harmony exists when everything in the room is perfect. Because each detail fits in with the overall concept. Whether furniture, accessories or light switches – it has never been better and more ideal to turn one's personal style into reality. With its colour range of entrée-grey/chalet-white or entrée-grey/château-black, basic55® impresses with its consistent design and timeless aesthetics.

02

Classic combination. Modern and enduring.

01 basic55®, château-black/ château-black

02 basic55®, château-black/ chalet-white

01

A classic which sets new standards. This equally applies to colours. Black and white have been the epitome of purism, aesthetics and extravagant style from time immemorial. In the colour range of château-black/chalet-white or château-black/ château-black, basic55® impresses with its timeless modern style and clear optics.

02

Contrasts.

Exclusively set into the scene.

Modern interpretation. Extravagant and different.

01 basic55®, foyer-red/ château-black

02 basic55®, foyer-red/ chalet-white

01

Sometimes it is the contrasts which the observer finds exciting. They exceed normal expectations and magically attract the attention. Rooms take on a unique character. In the colour versions of foyer-red/chalet-white or foyer-red/château-black, basic55® exudes extravagance and a creative lifestyle.

02

Expressive optics. Individualistic and creative.

01 basic55®, bistro-blue / château-black

02 basic55®, bistro-blue / chalet-white

01

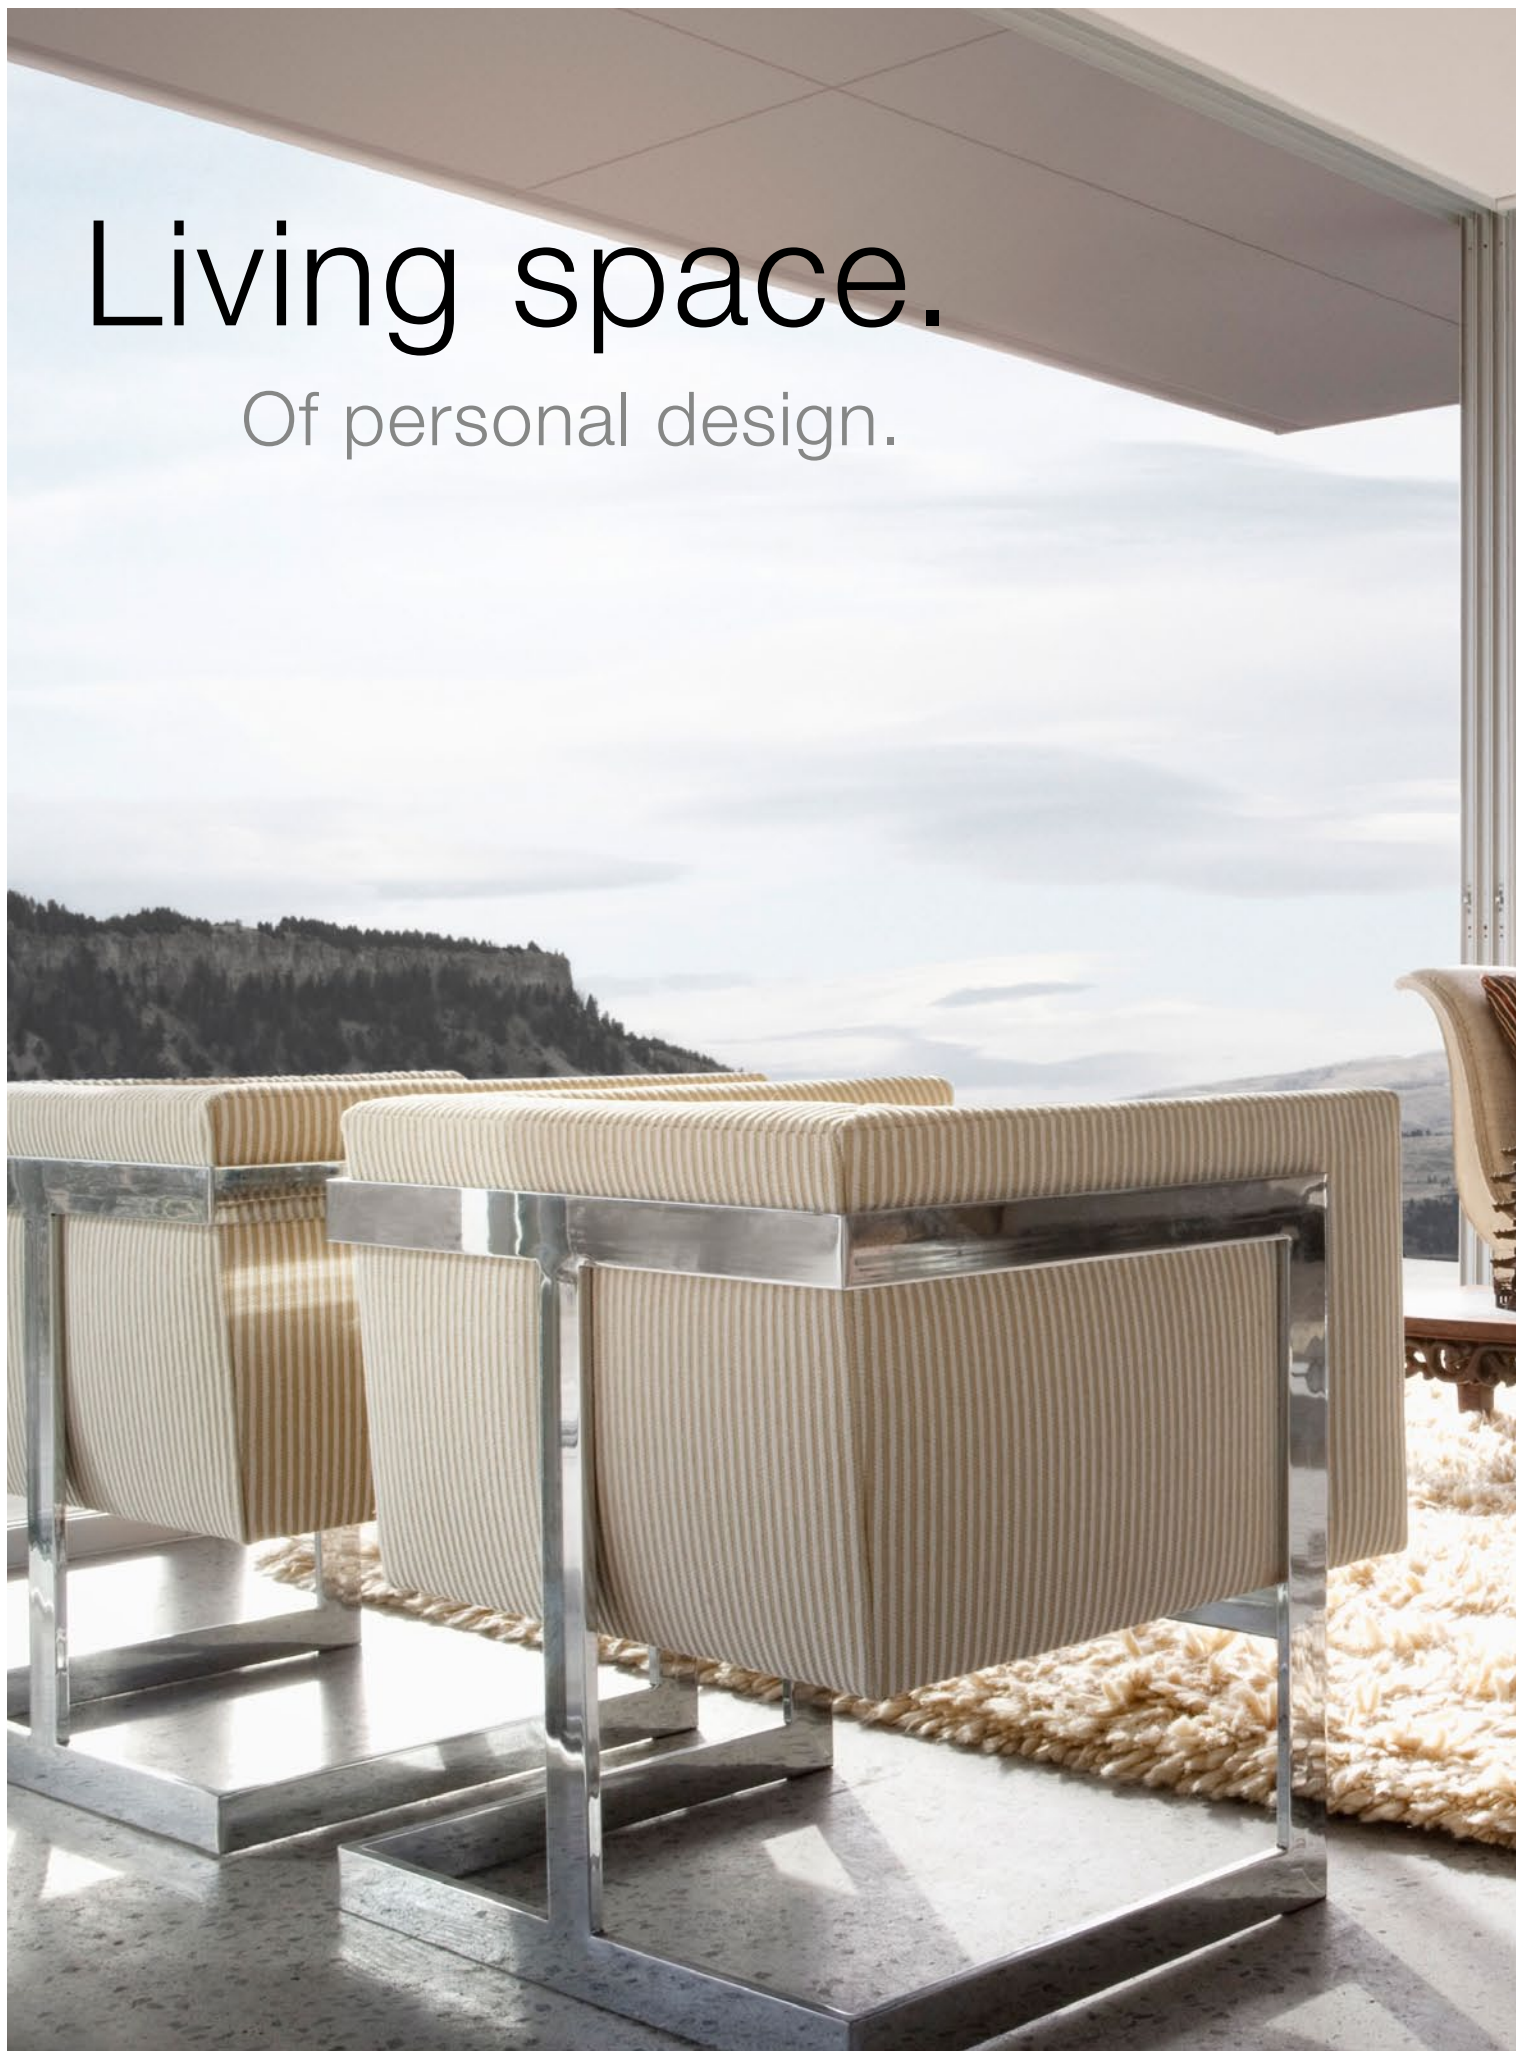

Modern living is defined by the creative use of up-to-date colour trends. To turn the personal style into reality with these high-quality, visually attractive light switches is a special pleasure. In colour versions bistro-blue / chalet-white or bistro-blue / château-black, basic55[®] impresses with its expressiveness and individual class.

02

Living space.

Of personal design.

Individualistic style.
Tasteful and luxurious.

If you value the highest of standards and aesthetic requirements in every detail then you make also no compromises when it comes to light switches. With these objects the highest requirements are first-class quality, high-grade equipment and luxurious optics. basic55[®] meets these requirements, and with the extravagant and stylish champagne colour version offers an exclusive solution.

01

basic55® Trendline. Creativity without limits.

basic55[®] Baseline.

The focal point, but discreetly.

basic55[®] Baseline is an innovative colour concept which inspires the imagination and projects the desire for individual styling elements into a new dimension. Being colourful and yet discreet, it is inspiration at its best. And it offers a variety of options for the creative design of living space.

Personal taste.
Consistently visualized.

Individual requirements interpreted into the minutest detail lend living space character. With the harmonious combination of white frames and rockers as well as eight subtle colour rings the basic55[®] Baseline blends perfectly with the optics and superior quality of international concepts of living. From elegant to creative the most varied design concepts can be turned into reality.

basic55[®] Baseline. Scope for ideas.

A shining example for functional design.

Pure and elegant during the day and a pure delight in the evening. The illuminated colour frame lends this interesting basic55® version an especially practical note. It turns it into a safe signpost in the dark. An intelligent as well as pleasant effect which combines perfect aesthetics with practical value.

In bright rooms basic55® alpine white/
luminous convinces with its puristic optics.
In the dark the illuminated colour frame
creates an amazing effect.

Subdued optics. Timeless and clear.

The charm of a style of living is the result of the sum total of well-matched details. The interpretation of the walls here is a deciding factor in the selection of the colour of the light switch. The subtle, harmonious tone-in-tone design of the basic55[®] white/white version adapts to any style of living and displays a sense of timeless, puristic aesthetics.
