| Catalog Description                                | Dimmer White - Zenit                                                             |
| Long Description                                   | Color: White.                                                                    |
|                                                    | Rated voltage: 230 Vac ± 10%                                                     |
|                                                    | Frequency: 50 Hz (Nominal power: 250 W/VA) / 60 Hz (Nominal power: 200 W/VA)     |
|                                                    | Power (min./max load):                                                           |
|                                                    | - LEDi: 2 / 100 W/VA (max. 10 lamps)                                             |
|                                                    | - Dimmable energy saving lamps: 2 / 100 W/VA (max. 10 lamps)                     |
|                                                    | - LV LEDi with transformer (only type L or LC): 4 / 100 W/VA (max. 10 lamps)     |
|                                                    | - Incandescent lamps: 10 / 250 W/VA                                              |
|                                                    | - Halogen lamps: 10 / 250 W/VA                                                   |
|                                                    | - LV halogen with transformer (only type L or LC): 10 / 250 W/VA (max. 10 lamps) |
| 2 wire connection                                  |                                                                                  |
| Optional: auxiliary on/off with 2-way switch N2X02 |                                                                                  |
| Indicator LED lamp included                        |                                                                                  |
| Back-up fuse: Electronic                           |                                                                                  |
| Overload protection: Electronic                    |                                                                                  |
| Ambient temperature: 0°C to +35°C                  |                                                                                  |
| Size: 2 modules.                                   |                                                                                  |

## Installation

|                          |                  |
|--------------------------|------------------|
| Instructions and Manuals | 2CLX226039N1001  |
| Mounting Type            | Flush Mounted    |
| Type of Fastening        | Snapper Mounting |

## Environmental

|                         |                                                  |
|-------------------------|--------------------------------------------------|
| Ambient Air Temperature | Operation -5 ... +35 °C<br>Storage -5 ... +50 °C |
| Degree of Protection    | IP20                                             |

## Technical

|                                   |                |
|-----------------------------------|----------------|
| Data Sheet, Technical Information | 9AKK10103A5108 |
| Actuator Type                     | Turn button    |
| Connection Type                   | Screw          |
| Number of Batteries               | 0              |

## Electrical

|                                 |                            |
|---------------------------------|----------------------------|
| Rated Voltage (U <sub>r</sub> ) | 230...230 V                |
| Frequency (f)                   | 50...60 Hz                 |
| Load Type                       | Universal and LED Retrofit |
| Power Watt                      | 10...250 V-A               |
| Control Supply Voltage          | 1 ... 10 V                 |

## Design

|                   |                          |
|-------------------|--------------------------|
| Design Range      | Zenit                    |
| Surface Finishing | Untreated<br>Glossy      |
| Material          | Plastic<br>Thermoplastic |
| RAL Number        | RAL 9010 - Pure White    |
| Color             | White                    |

## Dimensions

|                                  |       |
|----------------------------------|-------|
| Product Net Width                | 44 mm |
| Product Net Height               | 44 mm |
| Product Net Depth / Length       | 53 mm |
| Product Net Weight               | 83 g  |
| Built-In Depth (t <sub>2</sub> ) | 54 mm |

## Ordering

|                           |                                                       |
