LED Work Lights

Compact floodlight "HUPlight10"

- Rechargeable battery, lithium-ion 4400 mAh 7,4 V
- LED 10 Watt
- High quality aluminium housing, protected against spray water in accordance with IP54
- Extremely bright light
- Lighting performance is variable, can be dimmed
- At least 5.5 hours of operating power
- External devices may be charged via USB connections
- Charging cable 230 Volt, car charging cable

Art. no. 130330
10 Watt

Compact floodlight "HUPlight20"

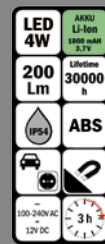

- Rechargeable battery, lithium-ion 8800 mAh 7,4 V
- LED 20 Watt
- High quality aluminium housing, protected against spray water in accordance with IP54
- Extremely bright light
- Lighting performance is variable, can be dimmed
- At least 7 hours of operating power
- External devices may be charged via USB connections
- Charging cable 230 Volt, car charging cable

Art. no. 130332
20 Watt

Mini working light "HUPlight4"

- Rechargeable battery, lithium-ion 1800 mAh 3.7 V
- LED 4 Watt
- Approximately 200 Lumen lighting performance
- At least 3 hours lighting performance
- charged via Micro-USB connections
- Stand, magnet, hook for attachment
- Can be used and carried everywhere

Art. no. 130336
4 Watt
